PROPERTIES CHANGE HANDS

J. M. Cleland and John Cunningham Ranches Are Sold. Other Real Estate Notes

The J. M. Cleland ranch south of town was disposed of last Saturday to Joseph Beck, recently of Salt Lake City, Utah. The ranch consists of about 70 acres of the best bottom land in the valley and is considered to be one of the most desirable farms in this section. Mr. Beck has taken possession and will make his home there permanently. The price paid is reported to be about $8500.

Mr. Beck was accompanied here by his brother-in-law, J. J. Thomas, also of Salt Lake City, and although the latter was forced to return home on account of business, it was with considerable regret that he took his departure, as he was very favorably impressed with Mendocino county in general and Ukiah valley in particular. He signified his intention to return at a later date to stay.

Ex-Superior Judge T. F. Bachelder, of Oakland, was in town Saturday accompanied by James Milne and P. J. Ryan, of the same city. The gentlemen were looking for a tract of land in this neighborhood suitable for subdividing and selling off in small tracts. They were favorably impressed with the McClure ranch across the river east of town now occupied by J. L. McCracken, but it is said that they considered the price asked a little too high. There were several other tracts nearby which suited them however, and although they departed the first of the week without having expressed their decision, it is thought they will return soon fully prepared to carry out their plan.

James R. Elder and C. E. Ganter have opened a real estate, insurance and collection business in the White building at 208 West Standley St., and are preparing to handle all transactions in their lines in a thoroughly up-to-date and expeditious manner. Both young men are well and favorably known here, and both have had the benefit of several year's experience with the best real estate firms in San Francisco and Oakland. They are both boosters and deserve a good share of business which no doubt they will get.

Lou Hildreth, the successful dairyman, has purchased the John Cunningham ranch from Mrs. Ella Cunningham for $17,000. It is one of the best hop ranches in the valley. A law suit has grown out of the sale. Everett Holliday claims that he had previously purchasd the place from Mrs. Cunningham's agent and had paid down $1,000 to clinch the bargain. The price he paid was understood to be $16,500, with some reservations as to the coming hop crop. The differences will be settled in court.

Mendocino Mill News

The Mendocino Lumber Company's mill at Mendocino was closed down last Friday night on account of a scarcity of logs in the mill pond. This company has a railroad from tidewater to its main logging camps, but depends for its logs at this season of the year on the annual freshets. The rise of the water in the river this year however, has not been sufficient to float the logs down to tidewater.

This company is rapidly becoming one of the most enterprising on the coast. It has recently torn out all its old machinery on the north side of the mill and is installing an entirely new plant there, consisting of new steam niggers, a double cut saw and carriage and a new edger, besides lesser equipment. This will bring its cutting capacity up with the largest on the coast and it is rumored that the railroad is to be extended still farther into the woods to obviate the necessity of closing down when the spring freshets are delayed.

Washington's birthday will be observed at the Presbyterian church n ext Tuesday evening. A fine patriotic and humorous program will be rendered. Admission: adults 25 cents; children 15 cents.

ASSESSOR THOMAS READY FOR WORK

Assessor M. A. Thomas is getting ready to assess the property of the county. He has sent out some of the original blanks to his deputies in various parts of the county so that they can all commence their work promptly the first Monday in March. The deputies who have charge of the field work are as follows: C. W. Reinking, E. W. Dillingham, E. C. Foushee, W. M. Standley, H. W. Montague, Ed Purdy, George Willits, W. S. Hughes, E. L. Williams, Wm. Heryford.

AN AGED WOMAN BREAKS HER LEG

Mrs. R. McGarvey met with a very painful injury yesterday morning while coming down stairs. In some manner she slipped and fell, breaking both bones of the right leg near the ankle. Dr. Rea was called and attended to the break and the lady is resting easy now. The break was a very severe one and it will be some time before she will be able to get out as she is about 75 years of age. Dr. Rea thinks she will get along nicely, however.

Primary Law not Mandatory on Cities

It is not necessary to use the new primary law in the coming municipal elections; in fact it is easier and better to make nominations by petitions as practiced heretofore in most of the small cities.

Section one of the New Primary Law provides that "all candidates for elective officers shall be nominated as follows:

1—By direct vote at primary elections held in accordance with the provisions of this act; or

By nominating petitions signed and filed as provided by existing laws.

Changes at Eden Valley

C. F. Echemberger, an employee of the Henshaw ranch in Eden valley, came down to Ukiah on business Tuesday, returning home Wedenesday. He says that several changes are contemplated on the Henshaw place in the near future. All the cattle on the place, comprising about 1800 head, are to be sold and sheep are to be put on instead. He states also that Mr. Squires, foreman of the ranch for a long time, is to retire soon, and that the position will be taken by a gentleman from Nevada.

Off for Manila

Miss Ora Hargis and her sister, Miss Gussie Hargis, the San Francisco milliner, leave next Wednesday for Manila where Miss Ora will remain for a year or so with her brother, L. D. Hargis, a former Ukiah boy, but now a prominent attorney of Manila. Miss Gussie will remain and visit for a month and then return to San Francisco. The many young friends of Miss Ora here wish her a pleasant journey and a profitable visit with her brother.

Ben Melton Returns

Ben Melton arrived in this city Tuesday evening from Oregon where he has been for the past three years. He was engaged in the saloon business at Klamath Falls and it was while there that he was arrested and railroaded to prison on a trumped up charge of robbery. He was sentenced for 2½ years, served one year and was then pardoned by the Governor. Ben's friends here believe that he was the victim of circumstances and are glad to welcome him home.

Date Set for Primaries

City Clerk Lee Cunningham announces that the municipal primaries will be held March 15, and an ordinance to that effect appears in this issue of the Dispatch. Candidates for office may obtain their nominatitons in this manner or may run independently as provided by law in effect before the enactment of the new primary law.

Monte Banker returned Saturday from a business trip to the coast.

IROQUOIS BRAVES ELECT DELEGATES

The executive committee of the local Iroquois Club held a meeting last week and elected the following delegates to attend the big pow wow in San Francisco on Feb. 22: J. C. Ruddock, J. B. Sanford, T. J. Weldon, Robert Duncan, B. E. Pemberton, Caspar Ornbaun, Anderson Thomas H. B. Hickey, P. Connolly, J. E. Pemberton, J. W. Preston and Tom B. J ohnson.

The annual conference of the State League of Iroquois Clubs was inaugurated many years ago and has been kept up til now and will undoubtedly be kept up as long as the memory of Washington lives. J. C. Ruddock and J. B. Sanford are Past Great Sachems of the League and have been actively identified with the work since 1894. A rousing meeting will be held in the day at 216 McAllister St., and a banquet in the evening will close the pow wow.

A GOOD ONE ON "GOVERNOR" M'NAB

John L. McNab, the brilliant young orator whose name has been mentioned in connection with the Republican nomination for Governor, has decided, after a recent occurrence in which local politics was mentioned, to postpone further efforts in behalf of the governorship until the municipal election is over. John says that the governorship and every thing else has had to take a back seat for the town election. He was going along the street the other day and a friend yelled out: "How are you running, John," referring to his candidacy for Governor. John smiled and passed on and a fellow standing nearby turned around to his companion and said: "Is he running for City Treasurer, too?" So, this is why John has decided to postpone his political activities until after the city election.

After Fake Peddlers

T. T. Collins, a deputy working under the state board of optometry, was in Ukiah a few hours last week and met a representative of the Dispatch and gave out the information that the state board was making it very uncomfortable for the fakers who are imposing on the country folks and making tests of their eyes and then selling them improperly focused glasses at an exorbitant price. A standing reward is offered for the arrest and conviction of any person testing the eyes for glasses who has not a California State License. The information should be sent to F. C. Chinn, of Sacramento, Cal.

Predict Good Year

Levi Anderson and Robert Bodell, two well-known timber men from the Big River section, spent Saturday and Sunday in town on their way home to the coast from a two week's trip to San Francisco. They state that all indications point to a most prosperous year for their section of the coast. Several tie camps have already opened up and others are preparing to do so as soon as they can secure crews, and these, together with the logging camps of the and Mendocino Albion Lumber companies, will make the middle coast section one of the liveliest in the county.

Hop Sales

Sanford Bros. sold their crop of 1909 hops this week to Donovan, through F. C. Albertson, for 17½ cents per pound. They had 307 bales, and this leaves only 541 bales unsold of the 1909 crop. The total output for 1909 was 10482 bales as compared to 9680 in 1908.

Homer Barton, a prominent coast dairyman, came over from Mendocino Tuesday to meet his wife who is on her way home from a lengthened sojourn in Los Angeles hospital, where she has been taking treatment for cancer. Mrs. Barton has been entirely cured during her stay in the southern city. They departed Thursday for the coast.

A Leading Firm Enlarges

C. H. Kent has completed the moving of his stock to his new location on the corner of Smith and State streets and Jamison Bros. have installed their grocery department in the building so long occupied by Mr. Kent.

This arrangement gives Jamison Bros. plenty of room for the enlargement of their grocery department and the room formerly occupied by that department will be devoted to gents' furnishings.

The enormous increase in the volume of their business has made this change imperative for Jamison Bros., and their many friends will hail this indication of their prosperity with great pleasure. They are one of Ukiah's most up-to-date and enterprising firms and deserve all the success that has been theirs.

Ice cream and fine home made candy will be sold by the Colonial dames next Tuesday evening. Colonial prices.

A handsome picture of Henry Beeson of Boonville, a survivor of the famous Bear Flag party at Sonoma, September 9, 1846 has been received by the Native Sons at this place and is being temporarily displayed in the east window at Robinson's store. The boys are especially proud of this keepsake for their parlor walls because it is a picture of a good looking old person, a pioneer of this settlement in the early days and a hero of an event that settled the claim to this territory as belonging to the United States.—Kelseyville Sun.

Cloverdale Oranges

This office is in receipt of a box of fine oranges from the Citrus Fair Association of Cloverdale. The oranges are of excellent quality and show that citrus belt off to good advantage. UKIAH CHURCH CHIMES

CHRISTIAN CHURCH

A fine attendance and interest characterize the Sunday school work. An increased attendance of adults is noticed. The organized classes are doing well.

Rev. Teel preached on last Sunday the second of a series of lessons from Genesis. On next Sunday he will speak on "The First Sin of Man." The evening subject is the "Conversion of the Honest Man." These sermons on the conversions of Bible record are attracting increased attention. On Friday the 18th, the Christian Endeavor Society will give a social to the public. A good time is being arranged for those who attend. Ten cents admission will be charged.

ST JOHN'S M. E. CHURCH

The revival meetings at St. John's M. E. church still continue with increasing power. Evangelist H. D. Kennedy is a strong preacher and a tactful worker. Last Sunday morning the children's service was one of the most most beautiful ever held in the church. In the evening the church was packed and many were at the altar.

Next Sunday morning's subject will be "Glad Tidings", and the subject for the evening willl be "The Devil's Cradle." All are invited to attend.

PRESBYTERIAN CHURCH

The services next Sabbath at the Presbyterian Church are as follows: In the morning at 11 o'clock the subject will be "A Practical Faith;" in the evening the topic will be "Is Christ Supreme?" Junior C. E. at 3 o'clock and Senior at 6:30. All are welcome to the services.

Christian Science services will be held every Sunday at 11 o'clock a. m. in room 2 of the Eversole building. Subject for Feb. 20th, "Mind." All are welcome to the services.

ANNOUNCEMENT

The A. Joseph Merc. Co. has for nearly one year waited for an opportunity to procure a store in what they consider a central location in Ukiah. The opportunity apparently came. For a time it seemed they had accomplished their aim—In fact verbally all things seemed satisfactorily arranged—But there was a misunderstanding, and they were unable to procure the building as per agreement. So for the present they must remain in their present quarters. They don't feel justified in waiting another year or more for another building to become vacant.

WITH THEIR IMMENSE BUYING AND SELLING FACILITIES THEY MUST HAVE THE MOST CENTRAL LOCATION PROCURABLE.

Being unable to get what they want in the way of a store location, they have decided to retire from the field of Ukiah's commercial activities.

Their store of merchandise and fixtures are FOR SALE as a whole. Any buyer can be shown an elegant opportunity on a nominal cash investment. If not sold as a whole, to make convenient the marking down of goods, preparatory to the commencement of a

store will be closed from Wednesday March 2nd, to

Interested in a Winery

E. L. Cunningham, the popular cashier of the Commercial Bank of this city, made a business visit to Healdsburg last Saturday and Sunday. Mr. Cunningham is trying to interest some of the big wineries of that section in putting up a winery here to handle the grape crop of this section. There are now over 400 acres of new grapes that will come into full bearing this year and it is necessary to make some arrangement for handling the crop before harvest time.

J. C. Crome, assistant editor of the Dispatch during the past four months, left Tuesday for San Francisco whence he will proceed to Roseville. During his stay here Mr. Crome filled the position of assistant editor on this paper in a most efficient manner and made many friends in Ukiah who regret greatly to see him leave.

NEWSY ITEMS FROM WILLITS

Interesting Budget of News From Our Northern Corrspondent

Willits, Cal. Feb. 15—Three deaths of local people, all ladies, occurred last week. Monday Mrs. F. E. Ruscoe, aged 44 years, died at her home south of town. She leaves a husband and three grown children.

Tuesday night Mrs. Susan Young, better known as "Grandma" Young, passed away. She was 90 years and 9 months old and the oldest person in Willits. She came to this valley with her husband 50 years ago and has lived here ever since. Her husband died some years ago and all of her children are also dead with the exception of her son, Robert, who resides here.

Friday morning a telegram was received from San Francisco stating that Mrs. G. B. Jones had just passed away. She left here the first of the week to have an operation performed and died from the effects of it. The remains were brought up Saturday and the funeral services were held at the Methodist church Monday afternoon.

Wednesday night a work train came up from Tiburon in charge of Conductor Cal Readhead. There were six cars in the outfit, several of which are occupied by a crowd of Hindoos. The force is now laying ties and rails on the completed track which was built three years ago. There are two small bridges to build on the De Camp ranch and the railroad pile driver will come up this week and drive the piles. The completed roadbed is about four miles in length and will take it down to the mouth of the Outlet near the old fish trap. When this road is finished all of the supplies will be hauled down to the end of the track by the switch engine.

There are now about 350 men, mostly Greeks, working on the construction work down Outlet creek. A large force of men are piercing tunnel No. 12 from both ends, this tunnel will be 600 feet in length.

Last Thursday one of the Greeks had three of his fingers so badly crushed that they had to be amputated.

Mrs. John Burke has received a check for $2000 from the Head Camp of the W. O. W. for the insurance policy of her husband who died here the first of the year. It was just three weeks from the date the claim was filed to the date the check arrived.

Interest in the approaching municipal election is still at fever heat. We now have five candidates for marshal in the field and about a dozen candidates for town trustee. It now looks as if the saloon question will be made the issue. Our trustees have received a communication from the California League of Municipalities stating that primary elections are not mandatory in town elections under the new law.

The next teacher's institute will be held here from May 3rd to 6th, inclusive. The sessions will be held in Whited's hall. We expect about 100 teachers and their friends, and the hotels can not accommodate all of them so rooms in private families have been secured. Fred Loring has been appointed secretary on accomodations and he requests all of the teachers who have preference as to stopping place to communicate with him at once. The rate at Hotel Willits will be $2 and at Hotel Central $1.25 per day. Rooms at private homes will be 50 cents per night and it is presumed that the teachers who stop at private homes will eat at the restaurants. Again we request all teachers to attend to this matter at their earliest convenience.

Last week there were six pieces of property changed hands here and several more have already been reported this week. A great many strangers are coming up and hunting new locations.

Ordinance No. 176.

AMENDING ORDINANCE No. 168, REGULATING SALE OF INTOXICATING LIQUOR AND IMPOSING A LICENSE FOR SUCH PURPOSE BY ADDING A NEW SECTION THERETO.

Sec. 9½. In all precincts which have been or may be hereafter, newly formed, or whose boundaries have been or hereafter shall be changed between the time of the last preceding general election and the time of filing of any petition hereinbefore in ordinance No. 168 provided for, the persons entitled to sign and to have their names counted on either or any petition (for either refusal of license or for calling of election) shall be registered voters who reside in the precinct, as changed and as its boundaries exist at the time of filing of petition, provided they have so resided at least thirty days prior to such time of filing.

By registered electors (in this particular section only) is meant those whose names at the time appear on either the register used for any former precinct embracing part of the same territory at the last preceding general election, and also those newly registered in the new or changed precinct on the new Great Register, if such new register be then begun. Any such petition in such precinct shall have sufficient names to effect the purpose for which it is intended when it appears to the satisfaction of this Board that it is signed by not less than one fourth (¼) of the persons who under the qualifications laid down in this section (9½) would have been entitled to so sign had they chosen so to do.

He was braking a car of lumber down to the chute while the steamer Sea Foam was being loaded and the car ran off the track. It was a wonder that he was not killed outright and he is lucky to have escaped as he did.

Keep your eye on Point Arena. Its people (the ladies) are waking up and better things are ahead. It is understood that Mrs. J. F. Dixon and a number of other ladies are contemplating the organization of an improvement club, and "a greater Point Arena, a better Point Arena" is now to be the watchword.

A few minutes delay in treating some cases of croup, even the length of time it takes to go for a doctor often proves dangerous. The safest way is to keep Chamberlain's Cough Remedy in the house, and at the first indication of croup give the child a dose. Pleasant to take and always cures. Sold by E. B. Gibson. *

NOTICE

I wish to inform the Mendocino county public on behalf of myself and associates, through the medium of the Dispatch, of the organization of the N. N. SHORB COMPANY. The company has been expressly formed as a Real Estate concern to confine its operations to Mendocino county in the handling of Mendocino lands exclusively. We propose to confine our efforts to Mendocino county strictly, and in so doing we are able to concentrate our whole energies in a definite field of action, and thereby we hope to gain better results for our clients and ourselves, as we can give Mendocino our undivided attention, while in a wider field our energies would of necessity be more or less divided.

We shall begin an extensive advertising campaign next month, through the middle west and east, as well as in California. We advise those desiring to list their property with us to do so in the immediate future, so as to receive the full benefit of our advertising.

We will take pleasure in corresponding with those desiring to list property with us and examine the same.

An Increase in Postage Rates

This office is in receipt of a communication from the Postal Defense League of Chicago stating that there is grave danger of an advance in the second class postage rate and that this advance will greatly curtail the publishing industry of the country, and that all newspapers will have to pay an extra large amount of postage. The League wants each editor in the country to write to his Congressman protesting against such an increase, also to send from $5 to $10 each to help the League conduct a campaign at Washington against the increased rate.

The Dispatch does not propose to do either, for the reason that it would be useless. The government is paying the big transportation companies an enormous price for carrying the mails and therefore there is a deficit in the postal department. The people have no influence with the railroad and corporation controlled congress, so what's the use? The remedy is at the next election when every American citizen should walk up to the ballot box and elect a Democratic congress and thus throw out of office those congressmen who are forcing the people to pay tribute to the trusts of the country. The Republican editors are getting just what they voted for, but it is too bad that the Democratic and Independent papers have also to submit to the robbery. Many of the Repubilcan papers will be subsidized in a way for submitting to the outrage, by the appointment of the editor to some postoffice job. And this is how the system is maintained.

—o—o—

Different Kinds of Republicans

The calling of Republicans rascals and other pet names, indicates that Senator J. B. Sanford has no further use for those of that faith in his political aspirations. What gratitude!—Record.

Senator Sanford has always had the highest regard for the honest, independent men in the Republican party that compose the rank and file, and has always praised them for their independence and manhood. He worked in harmony with them in the last legislature and commended them in every speech he made. He also commended the heroism of the "insurgent" Republicans in breaking away from Cannonism and voting with the Democrats in order to teach the czar a lesson. He has, however, denounced corporation and boss controlled men in the Republican party, and in the Democratic party as well, and will continue to do so until every betrayer of the rights of the people has been retired to private life. If that is calling names, all right make the most of it.

—o—o—

President Taft and the "stand patters" are greatly worried for fear that the next Conrgess will be Democratic by a large majority and he is doing everything he can to induce all Republicans to adopt his policy of inaction. The recent election in the 6th Missouri district to fill the vacancy caused by the death of De Armond was an eye-opener as to the temper of the people as to Cannonism. The district went overwhelmingly for the Democratic candidate showing a change of over 20 per cent of the vote as compared to the last election. This has greatly excited the friends of the President and a desperate effort will be made to stop the stampede. The move is too late. The President and Congress were given a chance to stand in with the people but they stood with the great corporations and trusts of the country instead. The revolt against corporation rule is widespread and the people are going to smash the machine so hard that when the smoke of battle clears away the machine bunch will look like a cross between a hookworm and an interrogation point progressing backwards.

—o—o—

The action of the Repubilcan party in this state in its pretended hunt for a gubernatorial candidate is enough to cause the honest, independent Republicans to blush for shame. Nothing can be done until Mr. Herrin gets back from the East and issues orders. The people, however, are with the Democratic party in its effort to wrest California from boss rule and corporation control. The people know they have been betrayed. The Republican party, which is controlled by the Herrin machine, has failed to redeem its pledges. The cost of the necessaries of life continue to advance, the protected trusts continue to make the people pay tribute and the only hope for a change in conditions is for the people to turn out of power those who have been false to the people. The remedy is to elect a Democratic Governor and a Democratic and Independent legislature.

—o—o—

Congress has appointed a committee to find out if the cost of living has actually increased since the passage of the Payne-Aldrich tariff bill, and to find out the cause of such increase. That is entirely unnecessary. Every housewife in the country can prove it by last month's grocery bills, and every man in the country that has the least bit of common sense knows that the Republican party is responsible for the iniquitous tariff bill passed by the recent Congress and defended by President Taft. What is the use of appointing a commission to find out what everybody knows? Of course the commissioners will draw down a snug sum for making the farce investigation and that may in a way secure some additional strength for the corporations in their effort to continue the robbery. And thus is the system maintained.

—o—o—

President Taft's popularity has begun to wane and the machine faction of the Republican party is greatly agitated now that the people are beginning to see that Taft has gone over to the corporations. A straw vote among the Republican editors west of the Alleghanies is as follows: Roosevelt 1360 Taft 1063 and there were 40 Republican editors who favor Bryan to Taft. Straws show which way the wind blows and the hurricane is coming and the machine bunch must start for the cellar soon.

—o—o—

The Republican fight for the governorship is about in the same shape it was last week. Speaker Stanton, Charley Curry, Mayor Mott, J. L. McNab and several others that belong to the machine are still being mentioned. Stanton and Curry seem to have the lead and will probably be in the race to the finish against the Lincoln-Roosevelt candidate. The general opinion is that Curry will be the nominee.

—o—o—

An exchange says that the farmer moves the world. If the editor had said the farmer moves the earth he would have made a statement that could not have been contradicted.

Wm. Wiegand, of the Hotel Willits, and J. M. Aiken, of Hotel Central of Willits, came down to the county seat last Saturday and held a conference with Messrs. Mariner and Sandelin relative to changing the plans of the hotels in Willits and Ukiah from the American plan to the European plan. They claim that the increased cost of living forces them to change to the a la carte plan. This is certainly a practical demonstration that the Payne-Aldrich tariff bill was a revision upward and that the people have to contribute to the trusts.

Colusa county has voted against bonding the county for $600,000 to build good roads. The people of Colusa want good roads but were opposed to biting off much during these Republican times of prosperity.

P. H. Joseph, who was laid up with the grip the latter part of last week, was around again Monday.

For City Marshal

Oliver Cleveland announces his candidacy for City Marshal this week. Mr. Cleveland has been the efficient Marshal for the past two years and has made a wide awake official. He has always attended to his duties promptly and can be relied upon to continue the same efficient administration if reelected to the position. So far there has been no complaint against him so it would seem that he has made good. He leaves his case with the popular masses and feels confident that the people will give him another term in the office which he has filled so efficiently for the past two years. His announcement will be found in the proper column.

For City Treasurer

T. A. Lucas is an aspirant for City Treasurer and his anouncement will be found in the proper column of this issue. Mr. Lucas is well known here as one of the young business men of the town. He was for a term a city trustee and made a wide awake official. He now asks for the position of City Treasurer and feels entirely competent to fill the position. He is located centrally and will attend to the duties promptly, efficiently and honestly if elected.

Mrs. Teel, who has been attending a meeting of the Board of Missions of Northern California which was held in San Francisco last week, returned home Sunday.
